

Ashish Dhakal

Computer Engineer

📍 Kathmandu, Nepal 📞 +977 9868932919

PROFESSIONAL SUMMARY

Computer Engineering graduate with proven experience in designing and developing dynamic, responsive web applications. Skilled in enhancing user experience, navigation, SEO, analytics, and third-party integrations. Currently contributing at Geofinity on ERPNext and healthcare solutions, specializing in website optimization, database management, CRM integration, and interactive features. Eager to apply technical expertise and problem-solving skills to boost engagement, traffic, and deliver impactful user experiences.

TECHNICAL SKILLS

Programming Languages & Core Technologies

- | | |
|--------------|--------------|
| ■ Python | ■ JavaScript |
| ■ TypeScript | ■ C# |
| ■ HTML5/CSS3 | ■ SQL |

Frameworks & Libraries

- | | |
|----------------|--------------------|
| ■ React.js | ■ Django |
| ■ Flutter | ■ Frappe Framework |
| ■ Tailwind CSS | ■ Bootstrap |
| ■ Redux | |

Databases & Infrastructure

- | | |
|-----------|--------------|
| ■ MongoDB | ■ PostgreSQL |
| ■ MySQL | ■ Docker |
| ■ AWS | ■ Nginx |

Development Tools & Methodologies

- | | |
|--------------|-------------|
| ■ Git/GitHub | ■ REST APIs |
| ■ GraphQL | ■ ERPNext |
| ■ WebSocket | ■ Celery |

PROFESSIONAL EXPERIENCE

Software Developer

Oct 2024 - Present

Geofinity Solutions Pvt. Ltd., Kathmandu

- Contributed to development and customization of **ERPNext modules** using **Frappe Framework**, enhancing functionality for healthcare systems and hospital workflows
- Designed and optimized **web applications** with improved UI/UX, ensuring responsive layouts and seamless navigation across devices
- Implemented and managed **database operations**, improving data accuracy, integrity, and reporting efficiency
- Integrated **CRM features** and automated workflows to streamline patient registration, appointment scheduling, and billing processes

Key Projects:

- **Healthcare Management System:** Developed comprehensive healthcare system for hospitals and clinics
- **Magadhrastra:** Built data collection and analysis platform for organizational insights
- **Nepal Budget Analysis:** Created data collection and analysis system for Nepal's sectoral budget allocation

Full-Stack Developer (Intern)

Jan 2024 - Feb 2024

Pahadi Research LLC, USA (Remote)

- Completed **3-month fellowship program** focusing on practical project work and industry best practices
- Developed mobile applications using **Flutter**, gaining hands-on experience in cross-platform development
- Worked with **RESTful APIs** for integrating backend services into mobile applications
- Gained proficiency in **C#** for backend programming and application development
- Collaborated using **Git/GitHub** for version control and maintained clean coding standards

NOTABLE PROJECTS

Driver State Detection Using Deep Learning

 [View Repository](#)

- Designed and implemented deep learning-based system to detect driver states including drowsiness, distraction, and attention levels in real-time
- Utilized **computer vision techniques** and **convolutional neural networks (CNNs)** for accurate facial expression and drowsiness detection
- Integrated model in Django system with real-time video feed to provide safety alerts, enhancing road safety measures

Society Engagement & Communication System

 [View Repository](#)

- Developed comprehensive web application for community management using **React** and **Django**
- Implemented real-time communication features using **WebSocket technology** for instant messaging capabilities
- Created user-friendly interface for community engagement and event management

News Magazine Web Application

 [View Repository](#)

- Built dynamic news aggregation platform with **Django REST framework**
- Implemented content management system with categorization and search functionality
- Designed responsive user interface for optimal reading experience across devices

EDUCATION

Bachelor of Engineering - Computer Engineering

2019 - 2024

| Advanced College of Engineering and Management, Kathmandu

Higher Secondary Education (+2 Science)

2017 - 2019

| National School of Sciences, Kathmandu

LANGUAGES

- **English:** Professional working proficiency
- **Nepali:** Native speaker
